

AMERICAN MOBILE

WE BRING THE STUDIO TO YOU

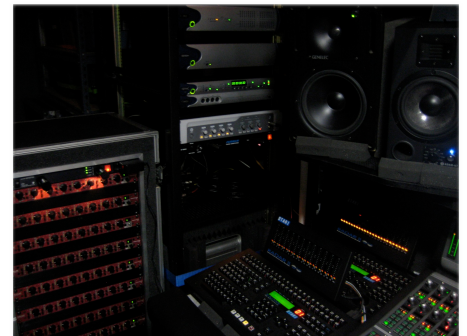

DUAL 64 TRACK RECORDING WITH

-PRO TOOLS HD

-RADAR 24

The 'American Mobile Recording Studio' is built inside this 30' *Freightliner* truck recording, mixing, and broadcasting world class **HD** audio anywhere in the continental United States.

FREIGHTLINER

American Mobile captures the largest music concerts and festivals every year.

Our job is to document and protect the 'integrity of the performance' for each artist.

We use a professional crew of highly talented and experienced engineers. Friendly too!

Flexible rates

***Rates contingent on location and crew required.*

Microphones:

Our studio quality microphone locker is stocked with all the usual suspects from Neumann, AKG, Sennheiser, Shure and more.

MICROPHONES

Radial Stage Splitter:

Built by the Radial Engineering team, this microphone splitter sends the highest quality signal 'from the stage to the truck'.

SPLITTER

True Systems Preamps:

The warm analog front end is supplied by 96 True System preamps. Warm, quiet, and very reliable.

The best.

TRUE
systems

PRE AMPS

Apple Mac Pro:
Tower of 8-Core Power !

PRO TOOLS

RADAR

Radar:

The Radar II is the highly regarded digital recorder with A-D converters second to none. As good as it gets. This 24bit/48k audio backup system ensures we never miss a note.

Power Backup:

Clean power is very important. Our custom power system adds another stage of reliability. We carry 60 amps of conditioned battery power backup with approximately 1 hour of 'run' time for all the recording equipment. Once again, we don't miss a note!
